High School Course	Bellevue College	Cascadia College	Edmonds College	Everett CC	LWTech	Shoreline CC

All Running Start students should follow the policies and procedures set forth by their high school and college, including meeting with their high school counselor AND college advisor prior to selecting courses. The equivalency chart below is a guide and students should work with their counselor and advisor to determine courses that meet their graduation requirements and post-high school goals.

English

9th Grade	➤ English course work at the 100 level or above will count for college credit and will fulfill English graduation requirements.					
10th Grade	➤ ENGL& 101 is *typically* required of all Running Start students.					
11th Grade						
12th Grade

* *High school level* math classes – Math course work below the 100 level will not count for college credit, will not be covered by Running Start tuition, and will earn only a maximum of 0.5 math credit at high school. A minimum of 3.0 high school credits of math are required for high school graduation.

Science**

** At least 2.0 high school credits of the 3.0 high school credits required for graduation must be lab science. Lab science courses taken for science requirement must be at least 5 college credits. At Everett Community College, NUTR 180, STEM 102, and STEM 103 are approved for high school science credit.
